Introduction to invitro pharmacology											
Physiological salt solution											
Effect of drugs on Isolated frog heart											
Effect of various drugs on blood pressure											
Heart Rate of Dog											
Study of diuretic Activity of drugs using Rat											
Dose response curve of Ach on frog skeletal muscle											
Effect of physostigmine & atropine on Ach											
Bio-assay of Histamine using Guinea Pig											
Bio-assay of oxytocin using Rat uterine											
Bio-assay of serotonin using Rat uterine horn

Introduction of UV-visible spectroscopy
Determination of absorption maxima for known
Effect of solvent on absorption spectrum of phenol
Using UV-visible spectrophotometer
Chemical activities (A₁, A₂)
Assay of Paracetamol by using specific Absorbance
Estimation of Sulphamonomide by direct by colorimetry
I N T E R N A T I O N A L
Estimation of Quinine sulphate by colorimetry
Estimation of sulphates by nephelometry
Estimation of salicylic acid by colorimetry
Determination of salicylic acid by colorimetry
