Effective strategic planning requires identifying and implementing strategies, it is a continuous process involving planning, implementing, and assessing outcomes using results, lessons learned for further planning and modifying of the strategies.

The strategic plan is deployed through systematized plan of actions, implementation of plans, resource utilization and involvement of stake holders at various levels. In the strategic deployment and perspective plan of the institution, the institution has come up with a knowledge awareness program me, Pharmacovigilance week on September 2022. The main intension of the program is to provide a new space for learning. It is conducted every year during the National Pharmacy Week. Students under the guidance of the faculty and Doctors from Trust hospital present seminars on medication error, prescription error and related to pharmacovigilance. APC invites other primary health care professionals. Also celebrated world pharmacist day on 25th September 2022 in theme of Pharmacy united in action for a healthier world by distributing free medicines.

APC also organizes FDPs for faculty members, Internal Training Programme for Lab technicians and also organizes Health Awareness Programmes like Rural health camps and Blood donation camps.

The institution has been successful in implementing its plan in creating awareness about the field of pharmaceutical sciences to those students who are not much aware of the field.
