4.4.2 There are established systems and procedures for maintaining and utilizing physical, academic and support facilities Laboratories, Classrooms, Library, Sports, Computers etc.

The college has built an eccentric atmosphere for educational pursuits. It takes a lot of struggle to have contemporary physical facilities. The maintenance of the building is handled by a distinct department. All departments have distinct protocols for upholding their equipment. The faculty in charge of each laboratory is accountable for its running. For the repair of unconventional equipment, suitable AMCs are engaged. The Librarian retains the library, which is supervised by the Library Commission. This committee is in charge of processing the specifications. All sports facilities, including the Gymnasium, are overseen by the Physical Director. The computers are adequately examined and maintained, and the software is adjusted in accord with necessities. The maintenance of ICT equipment used for teaching and learning is habitually prioritized. Generators are on hand at the college to ensure that classes and laboratory assemblies are not disrupted by power outages. The institution takes special care and plans activities to ensure that physical resources are used to their full potential. Pupils at this engineering school are also concerned in the upkeep of air conditioners, power apparatus, and transport. The college has sufficient workforce to retain the campus, including its physical facilities, in decent condition. Each department has the essential number of classrooms to maintain the steady instructional timetable. Every classroom has been considerably designed and is well-ventilated. Each classroom is equipped with multimedia equipment. The housekeeping team at the institute keeps the classrooms clean and well-maintained. The classroom monitors are keeping a close eye on this. Seldom are classrooms equipped for competitive exams from both government and private establishments. Each department has a satisfactory number of laboratories furnished with cutting-edge equipment, which progresses and fosters an ideal training and learning atmosphere. And each lab has a lab-in-charge and a lab associate who are in care of frequently maintaining, informing, and servicing the apparatus. For inter-building connectivity, the campus has an optical fibre backbone, and each building has its own LAN. The computer centre also hordes online exams, aptitude tests, and other competitive exams. The Network Commissioner is in charge of the institute's server space, as well as networking and device maintenance. The Librarian and his work for certain the library in decent functioning order, with aid from the library committee, which acts as a conduit for feedback. A campus maintenance squad is in charge of observance the library clean. The department libraries are managed by the department faculty.

The central library has a devoted work force and maintenance team for the in-charges of the appropriate departments, as well as for assistance and repairs. A barcode scanner is used to check inventory. Female pupils and employees have access to restrooms at the establishment. With health and hygiene as a highest importance, the institute built vending machines for sanitary napkins and proper disposal of used ones. Yoga and meditation centres will benefit both faculty and students' physical and mental health. The institute has an enjoyable play area with equipment for games and sports such as cricket, basketball, volleyball, and throw ball, among others. A gym with a certified and professional Physical Director is also existing. Indoor games such as TT, Carom, Chess, and Snooker are available to pupils. Students who are involved in sports will use the sports complex's equipment. Students and faculty have access to a medical centre on campus. A full-time doctor is on staff to lever medical crises. A medical associate, a lady associate, and an ambulance are part of the emergency response team. A first-aid kit is accessible in each department's laboratory. The institute's environment is retained clean and green, and all conveniences such as drinking water, restrooms, gardening, and power are accessible 24 hours a day, seven days a week, thanks to dedicated housekeeping staff. Bore wells, dedicated water tankers, a RO plant, a sewage treatment plant (STP), and a rain harvesting scheme help them. Suggestions, surveys, and grievance catalogues provide the essential course correction mechanisms to ensure maximum satisfaction.
