The members were made aware of their responsibilities for managing grievances and making sure the students are in a safe and secure environment in accordance with the rules.

Establishing a program to improve the communication between the committee members and the students:

The next topic for discussion was the convener's recommendation to enhance the communication between committee members and students. To better educate youngsters about the ICC and its operations, an awareness program had to be organized. Seminars, workshops, and interactive sessions were among the many events that the members recommended be added to the schedule. For the purpose of raising awareness among students, the committee decided to organize an awareness program.

The convener asked the participants to address concerns by carefully following the rules established by regulatory bodies. The convener thanked everyone for their insightful contributions and asked them to take an active part in the next awareness program before calling the meeting to a close.
