- After sinking the striker, your opponent places the due piece(s) within the center circle. If you haven't sunk one yet, you owe one. * If while shooting for the queen you also sink one of your pieces, the queen is automatically covered, no matter which went first
- If a piece jumps off the board, it is placed on the center spot. If pieces land on end or are overlapping, they are left that way.
- If the center spot is partially covered when replacing the queen or a jumped piece, the piece should cover as much red as possible. If totally covered, the piece is placed opposite the next player behind the red spot.
