Health is Wealth

In spite of rapid advances made in medicine, still ill health is our uninvited and frequent visitor. Man continues to confront newer diseases and the fight against the infectious agents goes on. To fend off the visitor there is an imperative need for us to use medicine. We know that quality medicines restore health quickly. For this quality to be gained - making of a quality pharmacy professional is equally important as that of medicine. **ADITYA** is engaged in producing highly eminent pharmacy professionals.

Multi-layer courses like **B.Pharm, M.Pharm, Pharm.D** and Research are available under the same roof. Aditya stands as the leader in Pharmacy domain in this respect.

CORE SUBJECTS include

- Human Anatomy & Physiology
- Pathophysiology
- Pharmacology
- Clinical Pharmacy
- Pharmaceutics
- Clinical Research
- Industrial Pharmacy
- Pharmacotherapeutics
- Hospital Pharmacy
- Community Pharmacy
- Clinical Toxicology

B. PHARMACY

Bachelor of Pharmacy

B.Pharmacy is a 4year degree course and students of B.Pharm are specially trained in various industrial pharmacy subjects making them highly proficient and practical oriented.

Large number of drug companies employ the B.Pharm qualified candidates in their Production, Quality Control and Analysis departments.

Possessing a graduate degree in Pharmacy is a passport to study many postgraduate courses opening the channels for the highly paid Pharma career in Drug Companies, Clinical Research Organizations, Drug Discovery Laboratories.

The GPAT is a nationwide test conducted by PCI / AICTE for admission into M.Pharm courses throughout the country in different Universities.

- Aditya gives intensive coaching to students from their 3rd year to do well in GPAT test.
- Every week GPAT model tests are conducted in the college.
- Along with the syllabus, GPAT syllabus is also covered.
- GPAT rank is also taken as a basis for admission into research organisations.

ADVANCED LEVEL PHARMACY DEGREE :

Pharm D

Doctor of Pharmacy (Pharm.D) is a full time six year course. Students who have passed Intermediate with BiPC / MPC or D.Pharm are eligible for admission into this course.

The period of six years duration is divided into two phases the first phase consists First, Second, Third and Fourth academic year and the second phase consists V & VI th Year clerical ship, internship or residency training and during sixth year involves posting in specialty units. It is a phase of training wherein a student is exposed to actual pharmacy practice or clinical pharmacy services and acquires skill under supervision so that he or she may become capable of functioning independently.

Pharm.D Course helps the students to get trained in clinical pharmacy services, drug therapy monitoring, Pharmacovigilance skills and patient care.
