  Contact No:9704090536

Aditya Pharmacy College conducted a one day workshop for **II Pharma D and II B.Pharm students** on SQL on **13/11/2019** byMr.K.Prabhakar Rao.The aim of the workshop was to provide training to the students onPharmacy Controller SQL a software system that enables users to define, create, maintain, and control access to the database.

The trainer gave a brief introduction on Pharmacy Controller SQL. He demonstrated various key objectives of Pharmacy Controller SQL like:

- It provides the support necessary for you to maximize the potential of pharmacy
- It gives the tools to provide the best customer service
- It expands capacity to increase revenue so as to expand these services
- It offers its users an effective and efficient work environment
- It ensures customers are served efficiently so they spend no more time in pharmacy than is necessary

The trainer taught various basic commands and constraints in Pharmacy Controller SQL and made students practice them.110 students registered for the session.

Students revealed that the program helped them to learn about the data base and thanked the trainer. At the end of the program Dr. V. Ravi Shankar, Principal of the college thanked Mr.K.Prabhakar Rao for sharing hisexpertise.
