7.3.1 INSTITUTIONAL DISTINCTIVENESS

1. Promoting Equity and Equality Among Students and Faculties

Aditya College of Pharmacy was established in 2006 in an area which is located and surrounded by scenic beauty, peace and tranquility. With its offices present in different states of India such as Andaman, Assam, Bihar, Jharkhand, Kerala, West Bengal, college has a vast reach which helps in enrolling students from these states to the various courses offered such as B. Pharmacy, M. Pharmacy and Pharm.D. College also has its international offices at Nepal, Bangladesh, Afghanistan and African countries like Sudan, Nigeria, etc. from where various students enroll to our above-mentioned pharmacy courses. The reason behind many students enrolling to various pharmacy courses in our college from other states of India and different countries is its good infrastructure, quality education, safe and comfortable hostel inside the campus with all security features, minimal tuition and hostel fees, scholarships, incentives, scenic and peaceful surrounding with greenery and beautiful landscaping.

The orientation and induction programmes held in the college help newcomers adjust to the norms and regulations of the college as well as to the campus environment. This also provides an opportunity to students to learn about each other because they come from various countries and places in India.

College provides good working environment for teaching faculties along with research facilities. Faculties can avail college hostel within the campus with free accommodation and food and for other faculties who are not staying in college hostel, our college provides them free transport services. College also offers educational assistance in the form of subsidized bus fees for the children of an employee studying in our campus. The college's above-mentioned assistance helps to maintain an educated and skilled workforce and thus promotes employee recruitment and retention.

Aditya College of Pharmacy promotes gender equality by employing female faculties. The high ratio of female students enrolled and a large number of female staff recruited in our college is a manifestation that women empowerment which is the need of the hour is prevalent in our college and we continuously work towards it.

Aditya College of Pharmacy encourages faculty members and students to use the library's resources and based upon their usage, best library user among students and faculty are rewarded on monthly basis.

College is continuously focusing on technology enhanced learning which includes both analogue and digital platforms so that students and faculties both gets benefitted.

Students are also provided government sponsored scholarships and freeships. Final year Pharm.D students during the sixth year of their internship are provided reduction in the tution fees. College

encourages its faculties for research works and attending conferences of national and international repute. In a step towards this college provides financial assistance to attend conferences. We at Aditya College of Pharmacy believe that conferences are the platform where a faculty can improve their academic performances by learning about emerging trends in their field of expertise, meet leaders in their fields, sharpen their communication and presentation skills, and grow their network at these conferences.

Equality: Admissions to students from different states of India and other countries, Gender equality in fact a greater number of female student and female faculties in a step towards women empowerment, sponsorships to all faculties for attending conferences, best library user awarded to both students and faculties, technology advanced teaching and learning for both students and faculties.

Equity: Orientation and induction programs for freshers, free hostel accommodation and food for faculties, free bus transport to faculties, educational assistance to employee's children in the form of subsidized bus fee, scholarships and fee reduction for students, incentives to faculties for research publications.

Therefore, by practicing above methods, Aditya College of Pharmacy is promoting equity and equality among students and faculties by treating all the students equally irrespective of their gender, domicile, nationality, caste or creed. College is also having the same approach for the faculties thereby making this a distinctive feature.

Overall Details of students based upon gender and nationality from 2016-2017 to 2021-2022

| Academic Year	Total no. of students	No. of males	No. of females	Local Students	Other state students	Other country students
2021-2022	598	233 (39%)	365 (61%)	419 (70%)	102 (17%)	77 (13%)

2. Technology Enhanced Teaching and Learning

We at Aditya College of Pharmacy are encouraging technology enhanced learning which includes both analogue and digital platforms so that students and educators both gets benefitted. With the growing use of software, e-learning services and various educational applications we are looking forward to build a smart society. The amount of time students spends dealing with technology each day has increased, and they are now more tech-savvy than ever. Students today expect and, in fact, thrive when dealing with technology due to the simplicity and speed with which they use it, as well as their degree of comfort in a world increasingly dominated by rapidly advancing mobile phones, tablets, laptops, and other devices. Teachers no longer have only the option of using the texts that their colleges give. By utilizing extra materials like audio, video, and interactive learning, students can learn in a variety of ways. Innovative teaching methods can is being developed by our teachers to involve their students in the lessons they are teaching. Technology has changed the learning environment, making it more useful. The availability of a wider range of information online is made possible by online resources for subject specialists and other educators. In addition to this, numerous online discussion forums and bulletin boards also cover the best ways to use particular tools and software in the classroom. In the modern world, it is practically difficult to function in the workplace without technology. Therefore, it is preferable that teachers and students pick up technology skills as soon as possible. In this day and age, it may be argued that computer literacy is more crucial than some of the more conventional skills taught in schools and institutions. According to its mission and vision with the changing trends in education, Aditya College of Pharmacy has got itself equipped with modern learning tools and resources which includes digitalized class rooms, laboratories, computer lab, library and seminar hall. College has got high speed internet connection with Wi Fi facility for students and teachers. Each class room is equipped with LCD projector along with the seminar hall. The college has subscription for DELNET, E-Journals, E-Books, Clinical Training, Shodh Sindhu, NDL. College also has Microsoft Office 365. Clinical training to students in Aditya College of Pharmacy is provided through IBMs Micromedex Solutions. Microsoft teams' application is used for conducting online classes and webinars. Moodle software is used to conduct GPAT exams, etc. Annual renewal is done for Micromedex regularly so that the learning and training process never stops. In 2022-2023, KNIMBUS subscription was taken by our college. KNIMBUS is a platform where we can use our college library anytime from anywhere on any device. KNIMBUS is proving to highly useful for our students, faculties and research scholars for their research and learning.
