STANDARD OPERATING PROCEDURE

National Service Scheme: The National Service Scheme is a value-based youth programme aimed at developing the personality of our educated youth by involving them in community development during their leisure hours. The NSS unit formed standard operating procedure for the implementation of various programmes. All these SOP points are framed with the presence of Principal, NSS program officer and other NSS body members.

The primary motto was to form the objectives of the NSS committee.

Everyone in the NSS committee should know their roles and responsibilities and follow them accordingly.

NSS program officer suggested blood donation camp should be conducted in the campus every year once or twice so that it will help the needy.

Decisions should be taken collectively by the NSS program officer and other NSS Body members to conduct the event for each semester.

OBJECTIVES OF NSS

NSS main objective is to

- 1.To understand the community in which they work.
- 2.To understand themselves in relation to their community.
- 3.Gain skills in mobilizing community participation.
- 4.Develop among themselves a sense of social and civic responsibility.
- 5.To extend the national integration and social harmony.
- 6.Identify the needs and problems of the community and involve them in solving problems.
- 7.Accquire leadership qualities and Democratic attitude.

Website: www.acop.edu.in, Email: office@acop.edu.in

8.Utilize their knowledge in generating practical solution to individual and community problems.

Roles /Responsibilities:

- 1.To establish rapport with the people in the project area.
2. Identify needs, Problems and resources of the community.
3. Plan Programmes and carry out the plans.
4. Relate his learning and experience towards finding solutions to the problems identifies.
5. Record the activities in his work diary symmetrically and assess the progress periodically and effect changes as and when needed.

Schedule of Meetings:

- 1.A meeting is planned with all NSS committee members at the starting of every academic year for the activities to be conducted during the year and also to submit a proper strategic plan in the given format.
- 2.All the activities which was conducted throughout the academic year must be done with all the NSS members unity and acceptance.
- 3.A meeting is planned in the end of the academic year to review the activities conducted and also the progress of the committee
- 4.All the committee members should discuss while they are conducting activities and also they must discuss about the roles and responsibilities.

Responsibilities of NSS Program officer:

1. Should supervises the programmes undertaken by the volunteers.
2. To maintain records of volunteer's participation and programmes undertaken.
3. Meeting should be properly planned and should be circulated.
4. To promote community education through meetings, talks, new bulletins, discussions etc.
5. Should assist in evaluation and follow-up work

REPORT

Name of the Programme: Food Packet distribution for orphanage

No of students Participated:28

Venue: Annapurna, Peddapuram.

NSS team of Aditya college of Pharmacy took an active participation in the food distribution for Orphanage children. On 22-01-2021 we have initiated to distribute the food packets to the orphanage along with the collaboration of Sadhya foundation. As a part of social service, we serve food to the children and also guided them about the precautions to be taken during covid. Children are the gods own gift and their smile on the face made us felt so proud. They all felt happy and showed their gratitude. We believe seeing the happiness in their faces is enough to say that this program is grand success.

REPORT

Name of the Programme: Tree-Plantation Programme No of students Participated:48

Venue: Kotapadu.

Aditya college of pharmacy initiated a millionaire planting Programme along with faculty and students. NSS volunteers had participated in the plantation program on 10-03-2021 at Kotapadu Village. Since beginning trees have furnished us with two of life's essential food and oxygen. The value continues to increase and more benefits are being discovered as their role expands to satisfied the needs created by our modern lifestyles. Trees contribute to their environment by providing oxygen improving a quality of air, climate amelioration, conserving water, Preserving soil. we also provided saplings to the Grama sachivalayam, Kotapadu.

Benefits of Plantation of trees: Planting the trees can give cleaner air across the world, cleaner water with natural filtration, carbon sequestration, controlled temperatures. Planting trees also gives a necessary healthy environment around us.

Scheme: Village and House Hold Level Survey (UBA) **No of students participated :47**

B. Pharm and Pharm –D Students of **Aditya College of pharmacy** were given an opportunity to take part in the village survey conducted by the NSS Team. The students along with NSS Co-Ordinator's conducted on survey in **Gorinta and Pulimeru** villages. The Survey includes the identification of village and to meet key persons of Village, to get village information and obtain data according to the village level survey form of UBA Programme. The survey also includes interaction with villagers and to obtain the data according to the **House Hold Survey form UBA** Programme. This Programme was conducted on **27-02-2019** at **Gorinta and Pulimeru** villages to analyze the issues, problems and needs of the villages. The total no of houses covered in village-1 Gorinta are 126 and village-2 Pulimeru are 114.

Benefits of the survey: This survey helps in getting about the issues that they are facing such as poor drainage system, health care center, Public toilets requirements. Students also guided to Rural households not to dispose the garbage on the streets and instructed them to dispose into the garbage collector. This campaign created awareness to the public on the adverse consequences of open defecation practices. This campaign also created awareness on water conservation and waste water reuse, solid waste reuse and night soil-based biogas plant. After this campaign the public gained knowledge about hygienic behaviour and clean community practices. This also empowered the community and local government in planning and implementation, strengthening their managerial capacity and responsibility on all aspects of environmental sanitization.

REPORT

Name of the Programme: Dental Camp No of students Participated: 45

Venue: Aditya College of pharmacy. Collaboration: Lakshmi Sai Dental Care.

In continuation of human endeavor, a free dental checkup and awareness camp was recently organized at Aditya College of pharmacy, Surampalem. A team of senior specialist Dental Surgeons and Para-medical staff carried out a comprehensive dental checkup on teaching and non-teaching staff of Aditya group of institutions. The camp was initiated with dental awareness talk, educating about common dental ailments, especially stressing on tooth decay and gum diseases and measures to prevent them. They highlighted about the reading patterns and food choices which cause tooth decay. The surgeons also discussed about the possible formation of harmful acid which develops when bacteria (plaque) get in contact with sugar in mouth which ultimately results in tooth decay. "Added sugars often are present in soft drinks, candies, cookies, pastries and therefore to help control the consumption of sugar one must read the food labels and choose the right foods and beverages that are low in added sugar," the dental surgeons added. The Principal of Aditya College of Pharmacy thanked the dental surgeons, Para-medical staff and the management of Lakshmi Sai Dental Care, Kakinada for rendering moral and selfless service to the college.

Benefits of the Camp:

The staff and students got ample opportunities to interact with the dental surgeons to enquire and gain knowledge concerning oral diseases. On the completion of the dental checkup each student was given a patient card, a report summary of the diagnosed problem and the recommended dental treatment Plan.

Name of the Programme: "Health campaign". No of students participated: 24

Place of the Programme: Gorinta Village near Peddapuram.

Pharm D students actively participated in the health campaign organized at Gorinta village on 05-01-2018 by Aditya College of Pharmacy with the permission of the authorities in the village. It is a public awareness campaign "Dispensing health", which aims to improve the profile of pharmacy and promote the role of a pharmacist as "dispenser of healthy, as well as medicines". As part of the campaign it is intended to engage pharmacists especially Pharm D students in hospitals to make people's lives better." As part of campaign, the people are educated about various drugs, their usage, dosage, time of administration etc. The campaign was very well appreciated by localities of village for making them aware about the medicines and their role in the health care system.

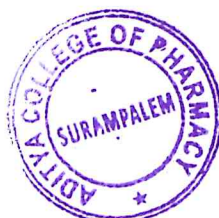

Benefits of the Programme:

The services rendered by our students in the medical camp are:

1. Monitoring of Blood pressure.
2. Checking of height & weight(BMI)
3. Distribution of tablets to children.
4. Educating the importance of Vaccinations to female and nursing mothers.
5. Distribution of Vitamins, Iron and Anti-Pyretic medication to villagers.
6. Educating on cleanliness and nutritional Supplements.

REPORT

Name of the Programme: Free medical check-up -B.P.

Venue: Primary Health care, Rameswaram Peta. **No. of students participated:** 43

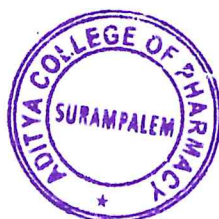

Pharma-D and B-Pharmacy students were actively participated in the health campaign organized at Primary Health care at Rameswaram Peta on **21-03-2017** by **Aditya College of Pharmacy** with the permission of the authorities in the village. It is a public awareness campaign **"Dispensing health"**, which aims to improve the profile of pharmacy and promote the role of a pharmacist as "dispenser of healthy, as well as medicines". As part of the campaign, it is intended to engage pharmacists especially Pharm D students in hospitals to make people's lives better. "As part of campaign, the people are educated about various drugs, their usage, dosage, time of administration etc. The campaign was very well appreciated by localities of village for making them aware about the medicines and their role in the health care system.

Benefits of the Programme: The services rendered by our students in the medical camp are:

1. Monitoring of Blood pressure.
2. Checking of height & weight (BMI)
3. Distribution of tablets to children.
4. Educating the importance of Vaccinations to female and nursing mothers.
5. Distribution of Vitamins, Iron and Anti-Pyretic medication to villagers.
6. Educating on cleanliness and nutritional Supplements.
