Aditya college of pharmacy established the IQAC officially on 4th July,2018.Right from the inception,IQAC has been an integral part in developing a system for conscious, consistent and catalytic improvement in the overall performance of the college. It is committed towards quality enhancement initiatives in higher education.Quality initiatives taken by IQAC in this year includes conduction of meetings,audits,NIRF participation,ISO certification,created awareness about plagiarism and malpractices in writing publications,applied for NAAC.

ACOP conducts quality audits such as green audit, energy audit and environment audit. An eco club has been formed by the institute where active participation of faculty and students are involved for maintaining and conserving the better environment.

Objectives of the ECO-CLUB:

- To enhance skills for the students regarding the significance of the environment and the consequences faced upon environmental devastation.
- To encourage students for active participation in the environmental conserving activities.
- To inculcate the moral sense of environmental studies through many innovative approaches.
- To inspire the students in adopting reduce, reuse and recycling conduct.

An awareness drive was initiated by the III year students of Aditya College of Pharmacy to educate the people on the concept of Reduce, Reuse & Recycle[RRR]. This took place at the area of Kotapadu where the students took a note on explaining to the nearby people at household and shops about RRR. They explained that this could be an outstanding way to protect the environment and decrease universal carbon emissions by Recycling, an old practice with numerous modern applications being significant to the natural environment as well as human beings.
