REPORT

Name of the Programme: Program on Medscape

Duration of Programme: 2 hour

Resource Person Details: Mrs. G.Swathi, Associate Professor

Department of pharmacy practice

Koringa college of pharmacy

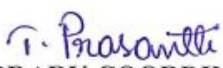

Korangi

Andhra Pradesh- 533461

Aditya College of Pharmacy organized a program on Medscape by the speaker **Mrs G.Swathi** on **25-05-2023** for the **II B Pharm** students. The speaker started the session explaining the importance of medscape. Medscape is the leading online global destination for physicians and healthcare professionals worldwide offering the latest medical news and expert perspectives, essential point of care, drugs and disease information and relevant professional education and continuing medical education.

It provides provision for checking multidrug interaction including alcohol, food supplements and diseases. It is useful for the students as they get detailed reports of both patient and health professionals. This program helps the students to identify new drug treatment options and their impact on managing drug therapies to meet the needs of the patient. It also helps to summarize important research developments in drug therapy and disease state management. It also describes the current status of pharmacy services to enhance pharmaceutical care.

The speaker showed the demonstration and explained the importance of medscape. The students were then asked to practise the same and later also had an interactive session with the speaker. Nearly **50 students** participated in this program.
