The speaker delivered her thought saying PCOD is a hormonal imbalance that interferes with a woman's reproductive system. She stated that Public awareness of PCOD is necessary because over half of the 100,000 people that have it, are unaware of it and awareness could help understand that symptoms like irregular periods and pelvic pain are not something to be ignored and getting it checked is necessary. She suggested for dietary changes for PCOD like reducing Sugars and Carbohydrates. She warned stating that many women with PCOD also have insulin resistance, in which the body doesn't use the hormone insulin effectively. She ended up the session by conveying the ways in which PCOD affected women could be controlled through life style modifications like weight management and regular exercise etc.

Teachers from all departments, members of this committee, will meet regularly and provide solutions to students' problems related to female students. The committee invites employees to submit their suggestions to improve the work environment and solve problems, if any. Any of the specific issues related to sexual harassment/grievances are dealt with professional advice, and parents are called and consulted in a confidential manner.

The students can approach the committee to express their complaints regarding academic and non-academic issues. The committee addresses individual and class grievances and the grievances of common interest. Students are encouraged to use the suggestion box on campus to express their suggestions and complaints.

HOW IT WORKS?

Complaint management mechanism is done in 3 levels in the institution.

- The department level grievances will be attended by concerned class Coordinators, Counselors & Department Heads.
- The student coordinators & staff coordinators of grievance redressal committee act as facilitators to communicate and sort out the grievances at the departmental level.
- Unresolved grievances which are at the departmental level are referred to the Grievance Redressal Committee.

Grievance Redressal Protocol:-

- The affected student has to submit a grievance hard copy to the head of the department.
- Head of the department will forward this grievance to the grievance redressal committee of the college.
- The grievance redressal committee can arrange a date for grievance hearing and the same will be informed to the principal and affected student.
- The student who gave a complaint will be present at the hearing.
- The principal of the college has to ensure that the time interval between the grievance hard copy submission to the hearing should not exceed 15 days.
- If the affected student is not happy with the decision of the grievance redressal committee then the grievance should be sent to official who is appointed by UGC.
- The officials have to resolve the grievance within 15 days of the appeal from the affected student.
- Copies of the decision of the official with his/her signature will be provided to both the affected student and the college.
- The official can take necessary action against the complaint, if the complaint is found to be not true.
- A Feedback will be taken to improve the redressal process from time to time.
