REPORT

Name of the Programme: CLEAN INDIA CAMPAING No. of students Participated: 27

Venue: Collaboration with Sachivalayam of Surampalem.

Making the call of Ministry of Youth Affairs & Sports, Government of India, the ACOP NSS Unit has conducted clean India campaign 2.0 in the college premises and created awareness in the nearby villages. Each NSS volunteer collected almost 1.5 kgs plastic waste in the college premises which makes them able to collect around 10 kgs plastic waste on a single day under the leadership of ACOP NSS co-ordinator, **Ms.K. Sruthi**. They interacted with many fellow students and highlighted the importance of the disposal of waste, especially plastic waste, at the public places in appropriate locations. Later they visited Kirana shops, fast food stalls, restaurants which were situated nearby college and villages to create awareness on the use of single use plastic, its separation from other waste and its safe disposal in bins provided by municipality/panchayat authorities. Principal **Dr.K.Ravishankar**, told that all NSS volunteers and few others students were greatly responded and participated in this clean India campaign 2.0. They were able to create awareness on students and local villagers on the use and safe disposal of plastic waste. He stated that from this campaign, they were able to collect around 10 kgs of plastic waste in the college premises and about 35 kgs of plastic waste in nearby villages, shops, restaurants, etc. which were not disposed at provided dustbins or places. Programs like these will help the people to understand the ill effects of plastic waste and the importance of safe disposal of it.

Benefits of the program: Students are aware about the cleanliness program and have collected 35 kgs of waste.

The National Service Scheme (NSS) is a central sector scheme of the government of India, Ministry of Youth Affairs & Sports. It allows the students of 11th & 12th Technical Institutions, graduate & post-graduate at colleges and university level of India to be a part of various government-led community service activities & Programmes. It aims to provide hands-on experience to young students in delivering community service. Since the formation of NSS in 1969, the number of students has increased from 40,000 to over 3.8 million. NSS Logo: The symbol for the NSS has been taken from the Rath Wheel of the world-famous Konark Sun temple. The eight strokes in the wheel represent 24 hours of a day which is a reminder to be ready in the service of the nation round the clock. The red color indicates youth full of passion, energy. The blue colour indicates NSS as a tiny part of the cosmos, always ready to contribute to the welfare of mankind. "Public service must be more than doing a job efficiently and honestly. It must be a complete dedication to the people and to the nation - Margaret Chase Smith" we started with a meeting with Program Coordinator, Program Officers and the fresher's who joined the NSS recently. They explained about the NSS, its activities, its motto etc and created awareness to freshers. At last, we exposed our NSS units work in the form videos and achievements in the following years. For this academic year the Program coordinator announced the core team who need to lead the units there and plan activities and organize them. In this regard **Dr.K. Ravishankar** Principal of Aditya College of Pharmacy announced about the recognizing by Government fund and also appreciated the NSS team for their efforts in doing their best and encouraged for the future endeavors.

Benefits of the Program: New teams were formed and the students were encouraged for the active participation in future activities.

REPORT

Name Of the Programme: Tree Plantation **Scheme:** Green India

venue: Aditya College of Pharmacy, Surampalem. **No. of students Participated:** 56

Aditya college of pharmacy students involved in Planting the trees to represent the healthy environment. It is observed that students have actively involved in the tree plantation program which is initiated by NSS team of our college on 29-10-2022. Aditya luster green campus exhibited its role with reference to protection of environment. Students belonging to various discipline like Pharmacy, Pharma-D and M. Pharmacy came forward with positive attitude and installed the botanical names of the plant and their medicinal purpose.

Benefits of plantation of trees: Planting the trees can give cleaner air across the world, cleaner water with natural filtration, carbon sequestration, controlled temperatures. Planting trees also gives a necessary healthy environment around us and also, we have decided to maintain them with their scientific name and their uses to make the students aware of the medicinal that finds around us.
