Date: 07.08.2023

To
Dr. Anthony Addlagatta,
Senior Principal Scientist,
CSIR Indian Institute of Chemical Technology,
Uppal Road, IICT Colony, Tarnaka,
Hyderabad - 500 007.

Dear Sir,

I hope this letter finds you well. I am writing on behalf of Aditya College of Pharmacy, Surampalem, to cordially invite you as the esteemed Key Speaker to give a presentation for our teaching staff and students.

This invitation aims to provide our students and faculty members by sharing your valuable insights in research and interact with a diverse audience eager to learn from your experience. Your expertise as a Senior Principal Scientist at CSIR - IICT will undoubtedly enrich the discussions and contribute significantly to the knowledge-sharing experience.

We are confident that your presentation will inspire and educate our students and faculty members. We believe that your presence will enhance the quality of the event and make it a truly enriching experience for all participants.

If you find the invitation agreeable, kindly confirm your availability, and we will be happy to provide you with any additional information or support you may require for your presentation.

Thank you for considering our invitation. We eagerly await your positive response and look forward to your valuable presence.

Regards,

Dr. K. Ravi Shankar

Invitation for attending as a Resource person for Presentation – Reg.

Anthony Addlagatta <anthony@csiriict.in>

Tue, Aug 8, 2023 at 5:31 PM

To: "Dr. K RAVI SANKAR a" <principal@acop.edu.in>, Aruna Jangam <aruna.jangam@gmail.com>

Thank you Dr. Ravi Sankar for your kind invitation. I will be very happy to be there to give a lecture and interact with your students and staff.

I will be spending the morning of 11 August at JNTUK. I will visit Aditya after lunch before 2.30 PM. If it is Ok, we can start the lecture at 3.00 PM on August 11.

Thank you again

Anthony

Bibliography

About

Dr. Anthony Addlagatta has obtained his bachelor's degree with specialization in industrial chemistry from Osmania University, masters and the PhD degrees in Chemistry from the School of Chemistry, University of Hyderabad. He has worked as a senior scientist at the Department of Energy, Pacific Northwest National Laboratory, USA before joining Indian Institute of Chemical Technology (IICT), Hyderabad.

He was awarded with Mianowski International Fellowship from the Polish Academy of Sciences, Poland and Ramanujan Fellowship by the Department of Science and Technology, New Delhi. He has published over 55 research articles and a book chapter. His research interest is to understand the chemical principles in biological functions and, apply it to human health and biotechnology.

His technical expertise includes chemistry, biochemistry, protein engineering, molecular, structural, cellular and computational biology, bioinformatics, structure based drug discovery and biotechnology.

He also serves as an inspector on behalf of the Government of India for companies that adopt Good Laboratory Practice.

Education

B.Sc. (Mathematics, Chemistry and Industrial Chemistry) A.V. College, Osmania University, Hyderabad; M.Sc. & Ph.D. Chemistry, School of Chemistry, University of Hyderabad, Hyderabad.

Employment

Senior Scientist:

Pacific Northwest National Laboratories, DoE, USA;

Ramanujan Fellow, CSIR-IICT, Hyderabad.

Postdoc:

Polish Academy of Sciences, Poznan, Poland;

Hauptman Woodward Institute, Buffalo, USA;

Howard Hughes Medical Institute, University of Oregon, Eugene, USA.

... more

Research Interests

Present Research

His research interest is to understand the chemical principles in biological functions and, apply it to human health and biotechnology. Specific interests are to understand the substrate binding binding pockets of enzymes and use this knowledge in design of specific inhibitors. Molecular are synthesized and retested on the recombinant enzymes, cell lines and animal models. Current projects include methionine aminopeptidase, aminopeptidases N, His technical expertise includes chemistry, biochemistry, protein engineering, molecular, structural, cellular and computational biology, bioinformatics, structure based drug discovery and biotechnology.

Past Research

As part of the PhD, Dr. Addlagatta has carried out design, synthesis, crystal structure analysis and molecular modeling of androgen derivatives as aromatase inhibitors. Later the in the postdoctoral stints, he has expanded the scope of his research into molecular and structural biology. Determined structures of some steroid binding proteins, aminopeptidases and established their biochemical and physiological mechanisms of these enzymes.

Projects Involved

1. Biochemical and Structural Studies of Proteases Involved in Cancer and Microbia Pathogenesis -Toward Drug Discovery

Ramanujan Fellowship, Rs. 60,00,000/-,

Department of Science and Technology, India, 2008-2013

2. Mycobacterium tuberculosis Methionine Aminopeptidase: Biochemistry, Protein X-ray Crystallography, Structure Based Drug Design and, Inhibitor Synthesis and Evaluation.

Department of Science and Technology, India. Rs. 35 Lakhs, Three years.

Duration: 2011-2013

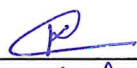

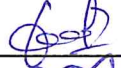

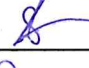

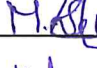

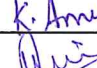

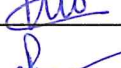

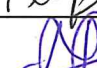

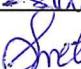

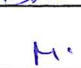

3. Puromycin Sensitive Aminopeptidase Mediated Neuroprotection

Event report

Title : "The Many Faces of Pharmacy: A Diverse and Exciting Field"

Speaker: Dr Anthony Addlagatta

Designation : Senior Principal Scientist

Date of Seminar : 11th August 2023

Time of Seminar : 3 – 4 P.M

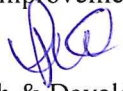

Class of participants : B.Pharm, M.Pharm and Pharm-D

Venue: Seminar Hall, Aditya College of Pharmacy

Total number of participants : 160

Description of the event :

A national seminar was conducted to the B.Pharm, M.Pharm and Pharm-D students with the main focus emphasised on the career prospects and opportunities in pharma industry. The resource person Dr. Anthony Addlagatta working as Senior Principal Scientist in CSIR – IICT was introduced as a key speaker by Dr. K. Ravi Shankar, Principal of Aditya College of Pharmacy. The speaker addressed the gathering by sharing his experience in health industry and discussed about various job opportunities in Pharma and health industry and exploring various faces in pharma industry. Feedback was collected from students and analysed for further improvements.

Pharmaceutical Industry in the Digital Age: Emerging Trends and Opportunities

22nd & 23rd Sep. 2023

Organized by

ADITYA COLLEGE OF PHARMACY,
Surampalem, Kakinada Dist., Andhra Pradesh,
India.

Join us as we pave the path to the future of pharmaceuticals!
Your presence at the National Conference on Pharmaceutical
Industry in the Digital Age will shape the discourse on
Emerging Trends and Opportunities. Welcome to two days of
insightful participation and collaborative exploration.

ADITYA COLLEGE OF PHARMACY

TWO-DAY NATIONAL CONFERENCE ON "PHARMACEUTICAL INDUSTRY IN THE DIGITAL AGE: EMERGING TRENDS AND OPPORTUNITIES"

ABOUT THE CONFERENCE

Dr. K. I. Varaprasad Reddy, a distinguished figure in the field of science and entrepreneurship, is set to grace our conference as the Chief Guest. Due to his immense contributions to the field of pharmacy and health care, this conference is being conducted every year to commemorate his valuable achievements and aplomb students to draw inspiration from his brilliant career.

The conference would provide pharmacy students with:

- Awareness of latest technological and business trends in the pharmaceutical industry
- Understanding of innovation approaches that drive pharmaceutical R&D
- Insights into career opportunities emerging due to digital transformation
- Exposure to pharmaceutical professionals and networking opportunities
- Inspiration and motivation for their own pharmaceutical career aspirations

CONFERENCE MOTTO

The motto of the conference is to "Innovate, Inspire, and Interact:" This succinctly encapsulates our goals for this event, as we aim to:

- **Innovate:** Introduce our students to the latest technological and business trends in the pharmaceutical industry, fostering a spirit of innovation and adaptability.
- **Inspire:** Feature distinguished speakers and experts from the industry who will inspire and motivate our students, clarifying doubts and opening new career perspectives.

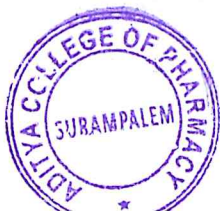

PRINCIPAL
Aditya College of Pharmacy
SURAMPALEM- 533 437

- **Interact:** Facilitate networking opportunities for students with pharmaceutical professionals, faculty members, and peers from other institutions, broadening their horizons and encouraging collaboration.

IMPORTANCE OF THE CONFERENCE

The significance of conducting the "Pharmaceutical Industry in the Digital Age" conference cannot be overstated, as it offers numerous benefits to our students and contributes positively to the academic and institutional ecosystem. Here are some key points highlighting its importance:

- **Knowledge Enhancement:** The conference will equip our students with awareness of the latest technological advancements and business trends in the pharmaceutical industry. This knowledge is crucial as it prepares them for a rapidly changing profession in terms of Pharma 4.0.
- **Career Opportunities:** By focusing on innovation approaches driving pharmaceutical research and development, the conference will expose students to various career opportunities emerging due to digital transformation.
- **Networking Opportunities:** Hosting students, faculty, and research scholars from diverse institutions will provide our students with an excellent platform for networking, collaboration, and knowledge exchange.
- **Skill Development:** Participating in competitions and cultural programs as part of the conference will help develop essential skills such as teamwork, presentation, and communication, enhancing our students' overall competence.
- **Industry Exposure:** Conducting the conference will expose our students to the latest developments, trends, and ideas shaping the future of the pharmaceutical industry. This exposure will improve their employability and competitiveness in the industry.
- **Academic Recognition:** The publication of conference proceedings in Journal of Clinical and Pharmaceutical Research will enhance the academic reputation of our

institution and helps in presenting the current technical views with global audience.

- This event aligns perfectly with our institution's commitment to providing holistic education and preparing our students for the challenges of the modern pharmaceutical landscape.

HIGHLIGHT ACHIEVEMENTS OF DR. K. I. VARAPRASAD REDDY

The remarkable journey and significant achievements of Dr. K I Varaprasad Reddy make him a source of inspiration for all attendees. Here are some of the key highlights of his illustrious career:

Early Life and Education: Dr. Varaprasad Reddy was born into an agriculture family in Papireddy Palem village, Nellore district, Andhra Pradesh, on 17th November 1948. He pursued his education diligently, earning a Bachelor of Science degree from Sri Venkateshwara University in 1967. He furthered his academic pursuits by obtaining a degree in Electronics & Communication Engineering from Andhra University in 1970. His quest for knowledge led him to a Diploma in Computer Sciences from Biblingen University, West Germany, in 1971. He also obtained a Master's degree in Business Administration from Osmania University.

Professional Journey: Initially, Dr. Varaprasad Reddy served as a defense scientist for seven years, gaining valuable experience in the field. Subsequently, he contributed to the Andhra Pradesh Industrial Development Corporation (APIDC). However, his entrepreneurial spirit drove him to join Hyderabad Batteries Ltd in 1985, where he played a pivotal role in developing high-technology-based batteries for defense applications.

Founding Shantha Biotechnics: Dr. Varaprasad Reddy's visionary journey took a momentous turn in 1990 when he attended a WHO conference in Geneva. At the conference, he was disheartened to hear doubts about India's capability to develop a vaccine for Hepatitis B, a disease responsible for a significant number of fatalities in the country annually. Unfazed by the skepticism, he embarked on a mission to make cost-

PRINCIPAL
Aditya College of Pharmacy
SURAMPALEM- 533 437

effective vaccines accessible to the common man while adhering to international quality standards. In 1993, he founded Shantha Biotechnics Ltd., determined to make a difference.

Revolutionizing Vaccine Development: Under Dr. Varaprasad Reddy's leadership, Shantha Biotechnics Ltd. achieved a remarkable milestone by creating India's first indigenously developed recombinant hepatitis B vaccine, known as Shanvac-B. This groundbreaking vaccine was launched in 1997 and marked a significant stride in addressing public health challenges in India. Shantha Biotech was one of the first biotechs to produce erythropoietin in serum-free media, which quelled safety concerns regarding serum use in manufacturing.

Recognition and Honors: Dr. Varaprasad Reddy's relentless pursuit of excellence has earned him several accolades and honors. The Government of India recognized his outstanding contributions by awarding him the prestigious Padma Bhushan in 2005. Additionally, he received honorary doctorates from Sri Venkateshwara University, Gitam University, and Vignan University, acknowledging his pioneering efforts in the field of science and engineering.

Promotion of Yoga and Literature: Beyond his contributions to the pharmaceutical industry, Dr. Varaprasad Reddy has been a proponent of yoga and literature. He supported yoga training initiatives and launched the magazine "Haasam," which aimed to promote Telugu art, literature, humor, and music. Under Haasam Publications, numerous significant books have been published, furthering the cause of music, humor, and spirituality.

Dr. K. I. Varaprasad Reddy's journey from a humble background to the helm of a revolutionary biotechnology company is a testament to his unwavering commitment, vision, and dedication. His presence at our conference promises to inspire attendees and provide valuable insights into the intersection of science, entrepreneurship, and social impact. We are honored to have him as our Chief Guest, and his achievements serve as a

PRINC. PAL
Aditya College of Pharmacy
SURAMPALEM- 533 437

beacon of inspiration for all aspiring professionals in the field of pharmaceuticals and beyond.

SALIENT FEATURES OF THE CONFERENCE:

- Students, Faculty, Research Scholars of all Pharmacy disciplines within the college and other colleges (including within the state and outside the state) will be invited to participate in the conference
- Poster/E-poster Presentations from all Specializations including Pharmacy Practice (Students B.Pharm, Pharm.D and Research Scholars)
- Scientific model presentations from all specializations including Pharmacy Practice (Post Graduate Students, Research Scholars, and Faculty)
- The proceedings of the conference are published in Journal of Clinical and Pharmaceutical Research with ISSN number
- The conduct of the conference and publication of conference proceedings improves metric score in NAAC 2nd cycle accreditation.

BENEFITS TO THE STUDENTS:

- The conference will provide numerous benefits to our students. The conference themes focusing on emerging trends, innovation strategies and technological advancements in the pharmaceutical industry will give the students an up-to-date knowledge about the changing landscape of their future profession.
- The conference will also feature distinguished speakers from the industry and other institutions who will inspire and motivate our students. The interaction with experts will help clarify doubts and open new perspectives for the students.
- The conference proceedings will be published which will add to the knowledge resources available for our students. Participating in competitions and cultural programs as part of the conference will help develop teamwork, presentation and communication skills of the students.

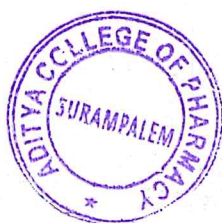

m

PRINCIPAL
Aditya College of Pharmacy
SURAMPALEM- 533 437

- The presence of students and faculties from other institutions at the conference will give our students an opportunity to network and learn from their peers. The interactions will help widen their horizons and make them more open-minded.
- Conducting the conference will expose our students to the latest developments, trends and ideas shaping the future of the pharmaceutical industry. The benefits gained from the knowledge sessions, interactions and skill development activities as part of the conference will help improve the employability and competitiveness of our students in the industry.

BENEFITS TO THE COLLEGE:

- The conference proceedings will be published in a reputed journal with an ISBN number. This will help improve the research output and publication profile of the college. The published proceedings can also be used as teaching resource material.
- Conducting the conference and publishing the proceedings helps achieve metrics related to promotion of research and extension activities in the NAAC accreditation framework. This can boost the scores in the second cycle accreditation.
- Inviting eminent speakers and experts from the pharmaceutical industry, academia, drug control administration and other institutions will enhance the credibility and academic reputation of the college. The involvement of other colleges will also help build partnerships and collaborative networks.
- The conference provides a platform for the faculty members to interact with industry experts, researchers and peers from other institutions. This promotes faculty development and knowledge exchange.
- The successful organization of the conference establishes the college's capabilities in planning and hosting major academic events. This showcases the college's achievements to a wider audience.

m

PRINCIPAL
Aditya College of Pharmacy
SURAMPALEM- 533 437

- Media coverage of the conference in Youtube live, national and regional publications increases the visibility and prestige of the college among stakeholders like potential students, parents, recruiters, funding agencies etc.
- Cultural programs and competitions conducted as part of the conference celebrate the talents of the students and highlight the excellence of the institution.

In summary, conducting the national level conference with an industry relevant theme and involving key speakers and partners will help enhance the academic reputation, research profile, visibility and overall standings of the college. Publishing the conference proceedings in a reputed journal further adds value by generating a citable research output.

ADITYA GROUP OF PHARMACY COLLEGES

TIME	PROGRAMME
DAY 1: SEPTEMBER 22, 2023(Friday)	
10:00AM TO 10:30AM	INAUGURATION CEREMONY
	Inaugural Welcome address Welcome Guests to the dais (welcomed with bouquet) Key note address Lamp lighting ceremony Prayer song Introduction to conference and competitions
5:00PM TO 8:00PM	CULTURAL EVENT
	Welcome address Dance and singing competitions
DAY 2: SEPTEMBER 23, 2023(Saturday)	
10:00AM TO 1:00AM	PLENARY
	Welcome address Audio-Video for pedestal ceremony of Dr. K.I.Varaprasad Reddy Welcome Guests to the dais Lamp lighting ceremony Prayer song Profile reading followed by speeches
	Speeches by: I. Dr. N. Sesha Reddy, Chairman, Aditya Educational Institutions II. Dr. N. Satish Reddy, Vice Chairman, Aditya Educational Institutions III. Padmabhushan Dr. K.I. Varaprasad Reddy, Founder, Shantha Biotechnics IV. Dr. G.Sateesh Reddy, Scientific Advisor, Ministry of Defence V. Sri. A.K. Khan, IPS, Ex-DGP VI. Professor Dr. A. Raghu Rama Rao, Ex-Director, NIPER, Mohali VII. Dr. Sistla Ramakrishna, Senior Principal Scientist, IICT, Hyderabad VIII. Dr. M. William Carey, Registrar, AP state Pharmacy Council, Guntur
1:00PM to 2:00PM	LUNCH BREAK
2:00PM to 4:00PM	Valedictory Vote of thanks
4:00PM to 4:30PM	SNACKS
4:30PM to 6:30PM	CULTURAL EVENT

National Conference- 2023

Dear Staff,

We are happy to inform you that we are organizing a "*National Conference on Pharmaceutical Industry in the Digital Age: Emerging Trends and Opportunities: 22 & 23 sep-2023*" at our campus.

All the faculty were included in various committees for effective running of the programme. The mode of work was listed in detail and are requested to do accordingly. For any queries regarding allotted work, Please feel free to contact coordinators. Please append your signature at your allotted work.

Coordinators :

Aditya Pharmacy College

1. Dr.Ch.S.Phani Kumar

(Overall Monitoring of Events)

2. Dr.T.Uday Kumar

(Monitoring of Posters in
First Campus)

3. Mr.G.RamaKrishna

Aditya College of Pharmacy

1. Mrs.B.N.B.Vaidehi

(Overall Monitoring of Events)

2. Dr.N.Divya

(Monitoring of posters in second
campus)

3. Mr.S.P.N.Kumar

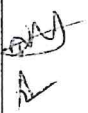

(Monitoring of Oral Presentations
at second campus)

Day-1 (22-09-23)

1. College front decoration : on 22nd Sep at Respective Colleges

Faculty incharge	Signature	Technician	Signature
The decoration should be with flowers. Students should be gathered by corresponding faculty. Flowers Cost should be economical.			
Mrs.A.Sree Gayatri Ms.Anju Abraham Mrs.T.Srisoukya Ms.L.Parinaya		Ms.S.Padma Mrs. E.Rani	

2. Lucky Draw In-charge:

Dr.K. Pydiraju, M.Sarika (Coupons and amount collection for lucky draw from first campus)

Mrs. M.Sesha Sai durga, Ms.B.Renuka (Coupons and amount collection collection for lucky draw from Second campus)

3. Registration on 22nd Sep Morning 08:30 am onwards

Venue : APC (Pharmacy 1 campus) entrance

Name of The Faculty and their duties	Signature	Technicians	Signature
Mrs.P.Prasanthi Dr.P.Bhaskar (Names checking along with spot registration) Mr.G. Durga Rao Ms.S.Vangmai Swaroopa (Accomodation) Ms.K.Amulya Mr.S.Nageswara rao P.Deepika (Distribution of Conference Kit)		Mr.A.Srinu Mr.P.Sekhar Babu Mr.R.Anand Kumar

Event report

Title : "Computer System Validation"
Speaker : Mr Abdul Kaleem.
Designation : Project Manager
Date of Seminar : 25th January 2024
Time of Seminar : 10 – 11 A.M
Class of participants: IV B.Pharmacy & M.Pharmacy Students
Venue : Seminar Hall, Aditya College of Pharmacy
Total number of participants : 65

Description of the event : A seminar was conducted for the final year B.Pharmacy and Pharm-D students on the topic **Computer System validation** in pharmaceutical industry as part of the MOU activity by Valsquare Consultancy Pvt Ltd. The resource person Mr Abdul Kaleem working as Project Manager in Valsquare Consultancy Pvt Ltd was introduced as a key speaker by Dr. K.Ravi Shankar, Principal of Aditya College of Pharmacy. The seminar aimed to enhance participants' understanding of **Computer Validation Systems (CVS)** in the pharmaceutical industry, focusing on its role in maintaining regulatory compliance, ensuring data integrity, and optimizing the overall quality assurance process. Participants were provided with insights into the best practices for implementing and managing validation systems within the pharmaceutical sector. The speaker highlighted emerging technologies like AI and automation in system validation and their impact on the pharmaceutical industry's regulatory environment. He also briefed on various topics of validation of SOP's System operation, defects identification and management regulatory requirements and good documentation practices followed in pharmaceutical industries and discussed about job opportunities in their company. The seminar successfully achieved its objectives, providing the participants with a comprehensive understanding of the significance of computer validation systems in the pharmaceutical industry. After the completion of the session feedback was collected from students and analysed for further improvements.
