Committees are essential for effective functioning of any organization and here at Aditya College of Pharmacy, various committees were established to oversee various functions and coordinate internal activities within the college. Through conscious efforts, dedication and the need for proper management and organization, these committees were formed to ensure that both academic, non-academic affairs of the college are catered for. Also, the students' welfare (especially the female students), education, career is taken into consideration and managed properly.

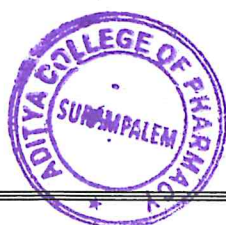

The governing body are responsible for regulatory oversight of the college and they ensure that the day-to-day matters of the college are directed and functions sanctioned appropriately. The governing body communicates with industry experts, teachers, students, and corporations during its meetings to identify areas for improvement and boost the level of education and other essential non-academic activities in the college. The Chairman, Vice-Chairman and Secretary are the functionaries who take the responsibility of implementing the policy decision of the governing body.

The institution's principal is in charge of overseeing the institution's general management and academic operations in accordance with the management's policies and the laws and regulations that must be followed by the relevant authorities. According to the established rules, the principal has the executive authority to manage the academic, extracurricular, and other functions, ensuring that the vision of the college is achieved. The institution principal chairs each committee and oversees the activities of the committee.

The conveners/coordinators (or president) are responsible for organizing and coordinating each committee. They usually work with the chairman of the committee, presided by the principal, to ensure that the objectives of each committee are achieved. The conveners should maintain a standard operating procedure as mandated within the framework of each committee. They are also responsible for keeping the minutes of each meetings held and can call for meetings when necessary to discuss matters that relate to such committee.
