

6.2.2 The functioning of the institutional bodies is effective and effective as visible from policies, administrative setup, appointment and service rules, procedures, etc.

Response:

Aditya College of Pharmacy (ACOP) situated in Andhra Pradesh, offers B.Pharm, M.Pharm and PharmD program. The coursework in these programs adheres to the all requirements and specifications framed by PCI and as per (JNTU) norms.

The governing body complies with all the norms and strictly sticks to the stringent policies of the institution. The principal heads the major policy decision making assisted by committeemembers of governing body.

The organization secured the approvals from the governing professional bodies like

- A. Affiliated to JNTU Kakinada .
- B. Received Autonomous status.
- C. Accredited by NAAC 'A' grade and CGPA of 3.24.
- D. Approved by Pharmacy Council of India (PCI) u/s 12 of Pharmacy Act, 1948.
- E. Recognition under Section 2 (f) of the UGC act, 1956.

The institutional bodies function effectively through clear and outlined policies for those institutions, hierarchical and systematically established administrative system and clear policy of appointment and staffing.

Governance is participatory, ensuring inclusive and both implication and decision-making are done together with the people. Policies are characterized by statutory norms to implement and maintain academic performance and infrastructure.

Organization structure is orderly to support its functioning, and a clear process of hiring people with clear and merit-based.

On the process, clearly defined rules ensure that employees understand all the services being offered hence motivating them.

Continuity of policy analysis and IT system adoption promotes effectiveness in the provision of administration and service delivery.

This coherent governance structure supports the mission of the institution, as well as proactively serves the society.

The institution since its establishment is continuously striving in improving its quality frame work with effective implementation of quality objectives which helped us to meet prescribed requirements of NAAC. To achieve the above said goals an Internal Quality Assurance Cell (IQAC) has been formed by institute.
