In the context of education gender equity means that males and females should get equal opportunities in terms of education, economic, social, cultural developments, etc. In a male dominated society gender equity can provide good future to girls, due to which girls get equal benefits in all the aspects of life as much as boys. Education should focus on providing equal participation of women and men in learning process, decision making process and job opportunities.

Every college should give top priority to safety of female students, female teaching and non-teaching staffs by having a dedicated team of security personnel working round the clock in the college premises. Following measures and steps are taken at Aditya College of Pharmacy (ACOP) to ensure safety of girl students and other female staffs:

1. Restricted Entry

For security of the girls in the college campus and hostel to restrict unwanted entry, the college has proper boundary wall with electrical fencing for security of girls in the college premises and to restrict unwanted entry. Signboards are placed at required places for restricted entry.
