Voter's Identification under SVEEP

Resource person: Dr. K.Rama Krishna,

Professor and Principal,

Department of Pharmaceutical Chemistry- Aditya College of Pharmacy.

Venue: Seminar hall- Aditya college of Pharmacy.

Date: 06-12-2022

The voting awareness discusses voting and its importance providing information about voting and how to be a responsible voter. People want to vote, but many are not aware of its need and how to cast it. This is where voting awareness comes into play and the idea of voting awareness helps people understand the importance of voting. Taking this into consideration, ACOP designed awareness drive for Voting under SVEEP.

Systematic Voters' Education and Electoral Participation (SVEEP) Programme are undertaken to educate the electors regarding procedure relating to registration of name in Electoral Roll, correcting of their existing particulars in Electoral Roll and deletion of name of shifted and deceased family members.

The speaker Dr. K Ramakrishna took the initiative in explaining the concepts of the program where he explained SVEEP's primary goal which is to build a truly participative democracy in India by encouraging all eligible students to vote and make an informed decision during the elections.

The programme discussed the targeted interventions which are designed according to the socio-economic, cultural and demographic profile of the state.

The spokesperson stated the importance of voting which could be considered as an important way for voters to control their government. He mentioned that it is a method for citizens to express what they want from their leaders by raising awareness about voting which will lead to better governance and what everyone wants – a democracy that is free, fair and representative. The session ended where the student queries were answered by the staff.
