Dear CEO,  
Technical Hub,

Greetings from Department of CSE, Aditya College of Engineering & Technology, Surampalem. We had identified a course entitled "Cyber Security (CS)" in the JNTUK Kakinada academic Regulation R16 for III B.Tech (CSE) - II semester, mainly focuses on theoretical aspects and we want to expose the students to CS domain knowledge proportional to industrial requirements. Thus we would like to introduce an add-on course entitled "Cyber Security Essentials (INST/05)" which fulfils the curriculum gap. In this regard I request you to arrange an expert to train our students on specified add-on course during the dates 10-02-2020 to 15-02-2020.
