

ECOCORPS: ACET ECO-CLUB

Ref: ACET / Eco / 2016-17 / CO

About the committee:

Aditya College of Engineering and Technology is dedicated to advancing society. It developed a proactive approach to environmental protection, entrusting students with the obligation to safeguard the environment on and off-campus. It organises public awareness campaigns to encourage people to participate in environmental activities and initiatives. ECO CORPS is a group of students that reach out to their parents and community to encourage them to be more environmentally conscious.

Objectives:

- To educate the students about the importance and desideratum of the environment.
- To instill clean and green conscience in students through many inventive approaches.
- To involve students in environmental preservation activities.
- To encourage students to adopt the waste-reduction, reuse and recycle behaviour and lifestyle.

Procedure:

1. **Circulars-** The committee coordinator should submit a request to the Principal for club approval for the academic year.
2. **Registrations-** Club may sign up the student members any time based on the students' interest and activeness, and this can be done with senior active student members in the club.
3. **Faculty Coordinator-** Central coordinator will involve in conducting meetings and planning for the events for the academic year. Faculty committee members will look into implementing the events as per the schedule. Before conducting any program, the faculty committee should take the Principal's permission and get the facilities and budget required for the program.
4. **Meetings-** Club members must meet at least once in an academic year and follow the rules and regulations for running the activities/events.
5. **Student coordinator-** The following points are to be followed by the student coordinator:
 - Should follow-up the registration of a student in the club.
 - Selection of student volunteers for the events/activities and make names available with the head committee.
6. **Responsibilities of coordinators**
 - Assign the responsibilities to the club members to conduct programs and maintain relevant documentation.

ADITYA COLLEGE OF ENGINEERING & TECHNOLOGY

Aditya Nagar, ADB Road, Surampalem.

- The coordinator should make necessary arrangements for the smooth conduct of the programme.
- Maintain student mentors to coordinate with college students to conduct the programme.

Activities:

1. Environmental awareness programs such as Air Pollution, Plastic-free Society, Water Conservation, Tree Plantations, and Rallies
2. Adopting Schools to grow trees and planting tree saplings
3. We conduct awareness drives regarding the cleanliness of surroundings inside and out of the campus, like schools and public areas.
4. We are providing recycling bins on the campus.
5. We are encouraging the usage of Bicycle and Battery vehicles for transportation inside the campus.

Minutes of Eco-Club Committee Meeting

A Meeting was held on 16th August 2016 with the Members of the Eco-Club Committee in the Principal's Chamber with the following agenda. Principal Dr T.K. Ramakrishna Rao chaired the meeting.

AGENDA:

1. Approval of existing SOP.
2. To discuss and plan Eco-Club Activities
3. Any other issue with the permission of the chairman.

The convener welcomed all the members, presented the agenda, requested the chairman to preside over the meeting with the intended agenda, and started the discussion. The agenda points were discussed, and the subsequent resolutions were made. The chairman appreciated everyone for their enthusiasm and readiness. Further, the chairman reviewed and discussed all the points of the agenda.

The committee made the following resolutions:

1. The chair instructed HODs and faculty members to encourage the students to participate in the Eco-Club Activities Scheduled.
2. An Existing Standard Operating Procedure (SOP) is put forward for approval, and the chairman approves the same.
3. Various Activities and events from Eco-Club are identified for 2016-2017, and the chair promised to release necessary grants for successfully conducting the events.
4. The chair urged the committee members to schedule the events without disturbing their regular academics.
5. The meeting got concluded with a note of thanks to the chair.

Report on "Protect Nature programme."

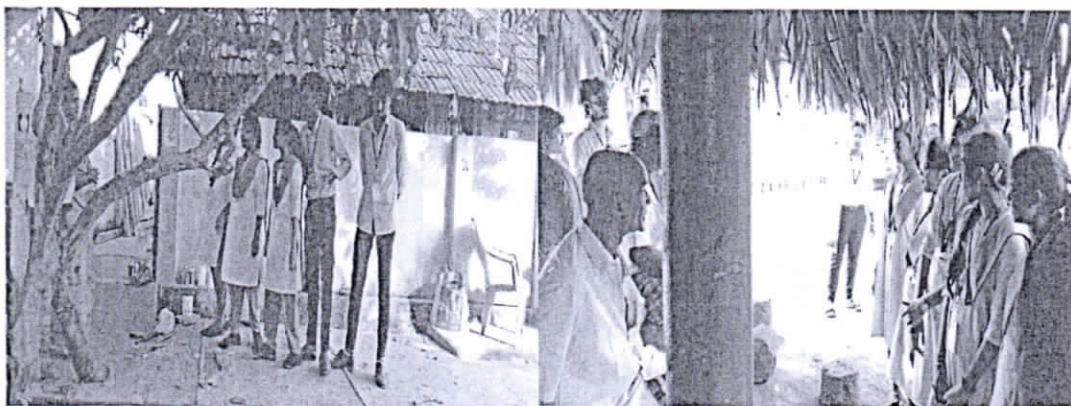

Date: 07-09-2016

Location: Nayakampallie village,

No. of students participated: 42

No. of faculty participated: 2

Our earth is a great gift, unique in the whole universe, which made life possible provided an environment for the entire living creature to lead a happy life. Humans with extraordinary skills brought about a significant change on this earth through technology modifying the living style and destroying nature and the environment. Taking the initiative in protecting the environment, ACET Eco-Club adopted the Nayakampallie village; Eco Corps organised a plantation and awareness creation drive 'PROTECT NATURE' on 07-09-2016 in Nayakampallie village, East Godavari Dist. The B.Tech students, members, and coordinators of Eco Club 44 members reached the village by bus and actively planted the saplings in vacant and unused land. Furthermore, students went to the villagers' doorstep and explained the importance of the plantation and environment. The programme significantly aims to create a sense of responsibility in public to protect nature.

A Healthy Environment makes Healthy living. Every individual needs to maintain a clean and healthy environment. Eco Corps of ACET Eco-Club took a step in maintaining a clean environment in and around campus. The event was located at the ADB road, surampalem on 10-01-2016. The participants have actively cleaned the roadside, and the collected waste was dumped in the dumping yard. All the student members and the B-tech students, members, and coordinators of the Eco-club totally of 38, enthusiastically participated in the cleanliness drive. The main aim of the cleanliness drive is to bring awareness in students to protect the bounty of soil and practice healthy habits.

Cleaning the ADB road side area and collecting it in dustbins
