

ECOCORPS: ACET ECO-CLUB

Ref: ACET / Eco / 2018-19 / CO

About the committee:

Aditya College of Engineering and Technology is dedicated to advancing society. It developed a proactive approach to environmental protection, entrusting students with the obligation to safeguard the environment on and off-campus. It organizes public awareness campaigns to encourage people to participate in environmental activities and initiatives. ECO CORPS is a group of students that reach out to their parents and community to encourage them to be more environmentally conscious.

Objectives:

- To educate the students about the importance and desideratum of the environment.
- To instil clean and green conscience in students through many inventive approaches.
- To involve students in environmental preservation activities.
- To encourage students to adopt the waste-reduction, reuse and recycle behaviour and lifestyle.

Procedure:

1. **Circulars-** The committee coordinator should submit a request to the Principal for club approval for the academic year.
2. **Registrations-** Club may sign up the student members any time based on the students' interest and activeness, and this can be done with senior active student members in the club.
3. **Faculty Coordinator-** Central coordinator will involve in conducting meetings and planning for the events for the academic year. Faculty committee members will look into implementing the events as per the schedule. Before conducting any program, the faculty committee should take the Principal's permission and get the facilities and budget required for the program.
4. **Meetings-** Club members must meet at least once in an academic year and follow the rules and regulations for running the activities/events.
5. **Student coordinator-** The following points are to be followed by the student coordinator:
 - Should follow-up the registration of a student in the club.
 - Selection of student volunteers for the events/activities and make names available with the head committee.
 - Should be taken care of the student volunteers who participated in the activities/events.

ADITYA COLLEGE OF ENGINEERING & TECHNOLOGY
Aditya Nagar, ADB Road, Surampalem.

- Should conduct meetings to set an agenda for the programs to be organized or conducted.
- Assign the responsibilities to the club members to conduct programs and maintain relevant documentation.
- The coordinator should make necessary arrangements for the smooth conduct of the programme.
- Maintain student mentors to coordinate with college students to conduct the programme.
- Should have good contact with the other welfare organizations to collaborate and execute the tasks

Activities:

- Environmental awareness programs such as Air Pollution, Plastic-free Society, Water Conservation, Tree Plantations, and Rallies
- Adopting Schools to grow trees and planting tree saplings
- We conduct awareness drives regarding the cleanliness of surroundings inside and out of the campus, like schools and public areas.
- We are providing recycling bins on the campus.
- We are celebrating commemorative days by plantation and distribution of plants.
- We are encouraging the usage of Bicycle and Battery vehicles for transportation inside the campus.

Minutes of Eco-Club Committee Meeting

A Meeting was held on 21st August 2018 with the Members of the Eco-Club Committee in the Principal's Chamber with the following agenda. Principal Dr T.K. Ramakrishna Rao chaired the meeting.

AGENDA:

- 1) Approval of existing S.O.P.
- 2) To discuss and plan Eco-Club Activities
- 3) Any other issue with the permission of the chairman.

The convener welcomed all the members, presented the agenda, requested the chairman to preside over the meeting with the intended agenda, and started the discussion. The agenda points were discussed, and the subsequent resolutions were made. The chairman appreciated everyone for their enthusiasm and readiness. Further, the chairman reviewed and discussed all the points of the agenda.

The committee made the following resolutions:

1. The chair instructed H.O.D.'s and faculty members to encourage the students to participate in the Eco-Club Activities Scheduled.
2. An Existing Standard Operating Procedure (S.O.P.) is put forward for approval, and the chairman approves the same.
3. Various Activities and events from Eco-Club are identified for 2018-2019, and the chair promised to release necessary grants for successfully conducting the events.
4. The chair urged the committee members to schedule the events without disturbing their regular academics.
5. The chair also agreed to give attendance to the students who are participating in the events.
6. The meeting got concluded with a note of thanks to the chair.

Make life possible keep the Earth Clean and Green. With the idea of protecting the environment and nature, Aditya College of Engineering and Technology with ECO-CLUB – ECO-CORPS took a step in maintaining a clean environment outside the campus. It was conducted a cleanliness drive in Z.P.P.High school, Nayakampalli village, bringing awareness about littering and harmful effects on health. The main aim is to bring awareness to the students studying in high school to protect the healthy soil and practice waste management. The Eco-club's students, members, and coordinators totalling 32 members have participated in the Swatch Bharath programme on 10-01-2018. The school's headmaster appreciated and congratulated the ECO-CORPS for their attention towards environmental protection.

Date: 22-06-2018

Location: Ramesampeta village

No. of students participated: 34

"Plastics give a helping hand, but they are polluting our land". In order to safeguard our beloved earth, ACET: ECO-CLUB – ECO-CORPS conducted an awareness program of pamphlet distribution to control the usage of plastic in shops at Ramesampeta village. Around 32 B-Tech course students and two student coordinators reached the spot by bus and started distributing pamphlets at the shops near Ramesampeta junction. All the participants are actively participated and interacted with the shopkeepers to create awareness about the control on plastic usage. The main aim of conducting this event is to control plastic covers usage at shops and bring awareness to the public about the plastic demerits.

Report on "Awareness program on sound pollution for drivers."

Date: 25-02-2019

Location: Room No 104, C.V.Raman Block.

No. of students participated: 33

No. of faculty participated: 1

Name of the resource person: M. Suryanarayana

Aditya College of Engineering and Technology will always be at the forefront of protecting and serving nature. It is a well-known fact that pollution is the leading cause of the deterioration of nature, and sound pollution is also one major contributor to pollution. ACET: Eco-Club conducted an awareness drive for all the drivers to bring awareness about sound pollution, its harmful effects on nature, and the damage caused to the environment. M. Suryanarayana, the main supervisor of the drivers, acted as a resource person for the programme and explained the importance of reducing noise pollution in Telugu. The Eco-Corps volunteered in conducting the programme. With a good interest, drivers participated in the programme.
