

ECOCORPS: ACET ECO-CLUB

Ref: ACET / Eco / 2019-20 / CO

About the committee:

Aditya College of Engineering and Technology is dedicated to advancing society. It developed a proactive approach to environmental protection, entrusting students with the obligation to safeguard the environment on and off-campus. It organizes public awareness campaigns to encourage people to participate in environmental activities and initiatives. It's called ECO CORPS, and it's a group of students that reach out to their parents and community to encourage them to be more environmentally conscious.

Objectives:

- To educate the students about the importance and desideratum of the environment.
- To instill clean and green conscience in students through many inventive approaches.
- To involve students in environmental preservation activities.
- To encourage students to adopt the waste-reduction, reuse and recycle behaviour and lifestyle.

Procedure:

1. **Circulars-** The committee coordinator should submit a request to the Principal for club approval for the academic year.
2. **Registrations-** Club may sign up the student members any time based on the students' interest and activeness, and this can be done with senior active student members in the club.
3. **Faculty Coordinator-** Central coordinator will involve in conducting meetings and planning for the events for the academic year. Faculty committee members will look into implementing the events as per the schedule. Before conducting any program, the faculty committee should take the Principal's permission and get the facilities and budget required for the program.
4. **Meetings-** Club members must meet at least twice in an academic year and follow the rules and regulations for running the activities/events.
5. **Student coordinator-** The following points are to be followed by the student coordinator:
 - Should follow-up the registration of a student in the club.
 - Selection of student volunteers for the events/activities and make names available with the head committee.
 - Should be taken care of the student volunteers who participated in the activities/events.

& Technology
SURAMPALAM-533437

ADITYA COLLEGE OF ENGINEERING & TECHNOLOGY
Aditya Nagar, ADB Road, Surampalem.

6. Responsibilities of coordinators

- Should conduct meetings to set an agenda for the programs to be organized or conducted.
- Assign the responsibilities to the club members to conduct programs and maintain relevant documentation.
- The coordinator should make necessary arrangements for the smooth conduct of the programme.
- Maintain student mentors to coordinate with college students to conduct the programme.
- Should have good contact with the other welfare organizations to collaborate and execute the tasks

Activities:

- 1) Environmental awareness programs such as Air Pollution, Plastic-free Society, Water Conservation, Tree Plantations, and Rallies
- 2) Adopting Schools to grow trees and planting tree saplings
- 3) We conduct awareness drives regarding the cleanliness of surroundings inside and out of the campus, like schools and public areas.
- 4) We are providing recycling bins on the campus.
- 5) We are celebrating commemorative days by plantation and distribution of plants.
- 6) We are encouraging the usage of Bicycle and Battery vehicles for transportation inside the campus.
- 7) Landscaping empty plots with plants and trees on the campus.

Minutes of Eco-Club Committee Meeting

A Meeting was held on 20th August 2019 with the Members of the Eco-Club Committee in the Principal's Chamber with the following agenda. Principal Dr T.K. Ramakrishna Rao chaired the meeting.

AGENDA:

1. Approval of existing S.O.P.
2. To discuss and plan Eco-Club Activities
3. Any other issue with the permission of the chairman.

The convener welcomed all the members, presented the agenda, requested the chairman to preside over the meeting with the intended agenda, and started the discussion. The agenda points were discussed, and the subsequent resolutions were made. The chairman appreciated everyone for their enthusiasm and readiness. Further, the chairman reviewed and discussed all the points of the agenda.

The committee made the following resolutions:

1. The chair instructed H.O.D.'s and faculty members to encourage the students to participate in the Eco-Club Activities Scheduled.
2. An Existing Standard Operating Procedure (S.O.P.) is put forward for approval, and the chairman approves the same.
3. Various Activities and events from Eco-Club are identified for the academic year 2020-2021, and the chair promised to release necessary grants for conducting the events successfully.
4. The chair urged the committee members to schedule the events without disturbing their regular academics.
5. The chair also agreed to give attendance to the students who are participating in the events.
6. The meeting got concluded with a note of thanks to the chair.

Report on “Solar plant demonstration.”

Date: 29-08-2019

Location: C. V. Raman Block top floor

No. of students participated: 38

No. of faculty participated: 2

Name of the resource person:

Instead of creating artificial electricity, using natural electricity, i.e., from solar energy, is more beneficial to the environment. Aditya College of Engineering & Technology was well advanced for solar energy usage. To motivate the students to use solar energy in their homes ACET Eco-Club – Eco Corps conducted a program on “Solar plant demonstration.” Around five students from each department, 38 students have participated in this event. The resource person demonstrated the importance of solar energy and clearly explained solar plant working. This event was conducted on 29-08-2019 at C. V. Raman Block top floor. The main objective is to create the awareness about the usage of solar energy among the students.

“Plant trees and give health for the future”. It is the responsibility of every individual to protect the trees. ACET Eco-Club – Eco Corps conducted a plantation of saplings in Z.P.P.High school, Nayakampalli village, East Godavari Dist on 09-09-2019. By college bus facility, the students and faculty members reach the location around 10km distance from the college. The students enthusiastically participated in the planting event, and about 16 saplings were planted in schools and roadsides. The programme aims to improve the greenery at the open unused lands and create a sense of responsibility in students to protect nature.

Report on "Awareness program on soil pollution."

Date: 24-01-2020

Location: Room no 302, C. V. Raman Block

No. of students participated: 89

No. of faculty participated: 3

Name of the resource person: S. Sivacharan

The land is not merely soil, and it is a fountain of energy flowing through a circuit of soils, plants and animals. Now this land was getting polluted due to many man-made activities. In order to control the soil pollution by creating awareness among the futures of the generation, i.e., students. ACET Eco-Club – Eco Corps conducted an awareness program on soil pollution on 24-01-2020 at Room no 302, C. V. Raman Block. The resource person addressed the gathering about the causes of soil pollution and the vital need to control soil pollution. Around 51 students from all the departments and three faculty members have participated in this event. This event objective is to create awareness among the students to take some measures to control the soil pollution near their locations.

Resources person explaining about the topic

Students gathered in room no 302, C.V.Raman block
