Report

Report in brief by Organizer / Coordinator / Convener:

He started his presentation about present situation of engineering, employment statistics in India and How many engineers are handling core jobs. He gave guidance about placements, higher packages by studying M-Tech in IIT's and NIT's that is 2.1 crore per annum for fresher's,

minimum 25 LPA packages. He motivated students for preparing entrance exams in three skills 1. Domain Knowledge 2. Aptitude 3. Reasoning. He discussed about how to choose a goal and when to start GATE preparation, how much time should student has to spent on GATE preparation. He gave a glance about premier institutes in India. He motivated the students such as personal growth, career advancement opportunities, and the desire to acquire knowledge and skills. Higher education can also lead to more opportunities and higher salaries in certain fields. To stay motivated, it's important to set clear goals, have a strong support system, and find ways to make learning enjoyable and meaningful.

Feedback from students:

- Students are very much satisfied with the program conducted. They came to know about importance of core jobs and pursuing higher studies.
- They came to know about packages offering by the companies when they study M.Tech in IIT's,NIT's. They are motivated towards competitive exams and how to set a goal before graduation.
- The students suggested to organise more similar programs in future.

Remarks from Resource Person:

The students are really enthusiastic and very interested to know the facts about carrier opportunities and resources available through online. Interacting with such aspiring young minds gives me pleasure.
