### Report

#### 1. Report in brief by Organizer / Coordinator / Convener:

Revit Architectural is the most demandable course which is offered by APSSDC to impart the advanced skills to the students to give overview of the structure based on architectural point of view. it also gives a basic idea how our structure going to be look like.

This Five days training program covered the following concepts:

Day-1: Installation of Revit software and a brief introduction on tools

Day-2: Drawing different types of walls and applying plastering and paints to walls

Day-3: Applying floors and placing furniture

Day-4: Adding MEP components ,drawing the ceiling ,slab,railing and staircase

Day-5: Creating required number of floors repeating the same procedure, creating elevation along with soil and trees

### 3. Feedback from students:

Students are very much satisfied with the program conducted by APSSDC, which given them knowledge on Revit Architectural Modelling. They have also learnt about the model a structure from floor level to the ceiling along with the multi storeys ,elevation, camera setting in a house, placing of garden etc..Students got the hands on experience which will be very useful for their career

### 4. Remarks from Resource Person:

Hospitality and response from the management, staff and students was highly satisfactory.The system requirements and Internet facility for conducting the training is very good and looking forward to conduct more sessions in future.
