Aditya Nagar, ADB Road, Surampalem - 533 437, E.G. Dist., Ph: 99631 76662.

Department of Electronics & Communication Engineering

EVENT REPORT

Title of the Workshop: Intellectual Property Rights (IPR) & Patents and Design Filing

Resource Persons : Mr. Himanshu Chandrakar,
Examiner of Patents and Design, RGNIIIPM,
Nagpur.

Date(s) of Workshop: 09-11-2022

Aim of Workshop:

Intellectual property rights (IPR) have increasingly assumed a vital role and become important in the face of dynamically changing trade environment characterized by global competition, high innovation risks, short product cycle, rapid changes in technology, high investments in research and development (R&D) etc. that we are witnessing today. Rapid changes in the global economic environment with the influence of high speed internet connectivity created new development of business models and opportunities, where IPR is a critical aspect for potential growth. Regardless of the type and volume of product or service an enterprise makes or provides, they need to have proper knowledge of IPR laws for protecting, managing and enforcing their intellectual property rights, so as to get the best possible commercial value from its ownership. In India several new legislations for protection of IPRs have been passed in accordance with International treaties such as TRIPS, WIPO etc.

No. of Participants : 80

Overall Assessment : Good

Event Coordinators : 1. Dr. G. Rama Krishna, Professor, Dept. of ECE – Convener
2. Mr. G Veerapandu, Associate Professor, Dept. of ECE
