EVENT REPORT

Department of Mechanical Engineering

- Title of the Workshop/Seminar : A Two Day Workshop on "Intellectual Property Right (IPR) - Emerging Issues & Challenges"
- Resource Person : Mr. M. K Singh
Singh & Associates, Delhi.
- Date(s) of Workshop/Seminar : 16-09-2021 to 17-09-2021
- Objectives of Workshop : 1) To discuss the legislative framework of laws relating to Intellectual Property Protection.
2) To discuss about the role of judiciary in providing safeguards for the protection of Intellectual Property Rights.

The expert Mr. M. K Singh was explained the basics of Intellectual Property Rights, its importance, types of IPR's, IPR rules, emerging issues, challenges and their significance in different sectors like industries, research organizations, agriculture etc...

Eminent speaker gave brief description on intellectual property rights, applying for the patent, filing a patent, protecting the patent against violation and different procedures to be followed to get a Patent right in various countries. Also, he explained the various practical issues on IPR for invention and revoking and also about the emerging issues and challenges in IPR, benefits of IPR, how to protect IPR and various management policies for the protection of IPR. Faculty, Research Scholars and Students nearly 75 members got benefited from his lecture.

He also discussed about legislative framework of laws relating to Intellectual Property Protection and the role of judiciary in providing safeguards for the protection of Intellectual Property Rights in India as well as other nations in the World.

Faculty, Research Scholars and Students got a very huge response from the audiences. Audience had asked many valuable questions on emerging challenges and issues on IPR and patents, totally the session was very interesting and fruitful.

- Title of the Seminar : A One Day Workshop on "Strategies for IPR and Plagiarism"
- Resource Persons : 1) Ms.Shweta sree Majumder
Principal, Fidus Law Chamber
2) Dr. P.S.Ranjith, Professor,
Dept. of Mechanical Engineering,
Aditya College of Engineering
- Date(s) of Workshop : 08-11-2021
- Aim of Workshop :

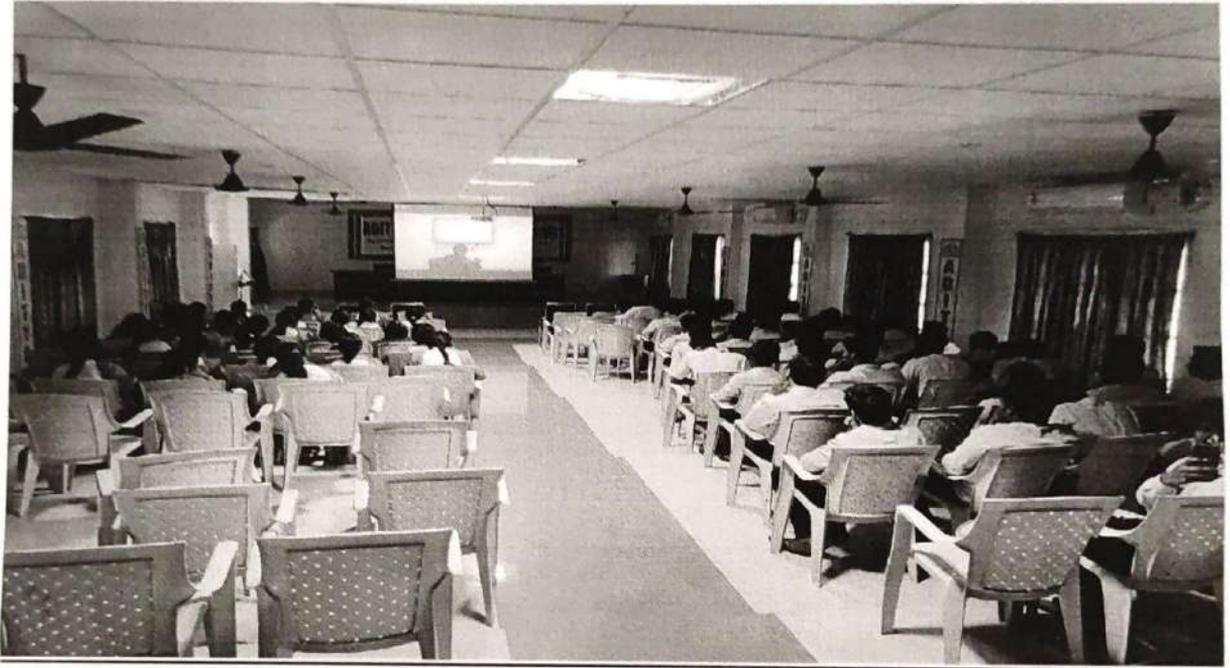

The main aim of workshop is to impart greater awareness about the issue of Intellectual Property Right (IPR), which has gained a special importance for all the domains of socio-economic development. It aid to understand of patentability criteria in details and viable aspect of the patent.

Intellectual Property Rights (IPR) plays a vital role in enhancing the socio-economic prosperity of the country. Creativity and innovation are new drivers of the world economy. With the increasing relevance of Intellectual Property (IP) in this era of globalization, it is important to recognize the role which IP systems play in the growth of the Nation. Thus, there is a need to create large public awareness about the pivotal role of IPR in globalized knowledge economy.

With the view to create awareness on the significance of IPR to the people from various sectors in the Country, a one day Workshop is organized on Intellectual Property Rights strategies and plagiarism. The Workshop is intended to cover various aspects of IPR like Patents, Copyrights, Trademarks, Strategies etc. IPRs are now being used not only as atool to protect creativity and generate revenue but also to build strategic alliances for socio-economic and technological growth.

EVENT REPORT

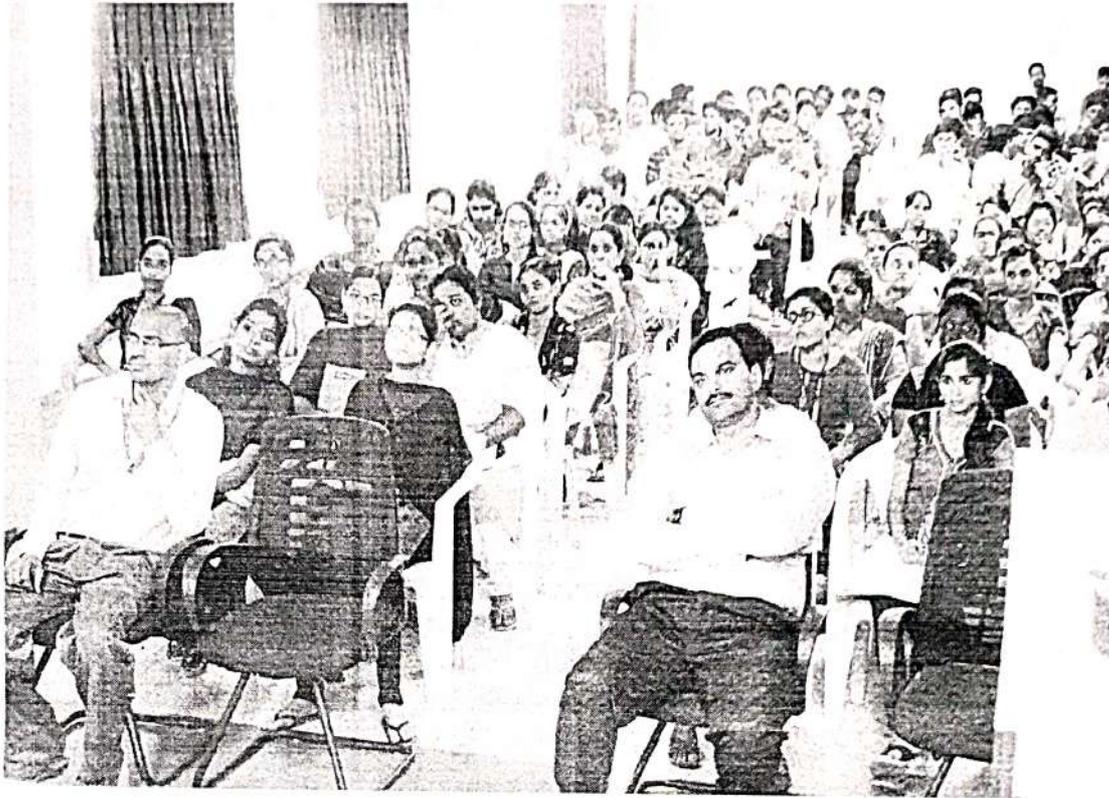

Title of the Workshop/Seminar	: A Two-day workshop on IPR & Patentability
Resource Person	: Dr. Amit Kumar Tiwari
Date(s) of Workshop/Seminar	: 24-06-2021 to 25-06-2021
Aim of Workshop	: 1) To promote the creation of intellectual property 2) dissemination of the knowledge in intellectual properties

A Two-day workshop on IPR & Patentability was organized by Aditya college of engineering, Surampalem, 24-06-2021 to 25-06-2021. The two main objective of the workshop was firstly to promote the creation of intellectual property by providing incentives and secondly to promote the dissemination of the knowledge in intellectual properties by affording protection to its creators.

In this workshop the speaker encouraged the Participants to Aware about basic terminologies and processes involved in IPR & Patentability. The session was delivered by an eminent speaker and IPR Head SIU, Dr. Amit Kumar Tiwari. He discussed the organization chart of IP centers, significance of IP, Patent, Copyright, Trademarks etc. and the processes involved in filing and copywriting through SIU.

The overall idea of the workshop is to help and encourage the student for startups and innovations. The objective of encouraging the rapid diffusion of new technology and the accumulation of technological knowledge. The changes in technology, however, occasionally result in inventions that do not fit the old categories of patentable subject matter or cannot meet other requirements for patentability. The Workshop focused on the nature of these changes, the challenges they present for national and international IPR systems, and their implications for science and technology.

EVENT REPORT

Department of Civil Engineering

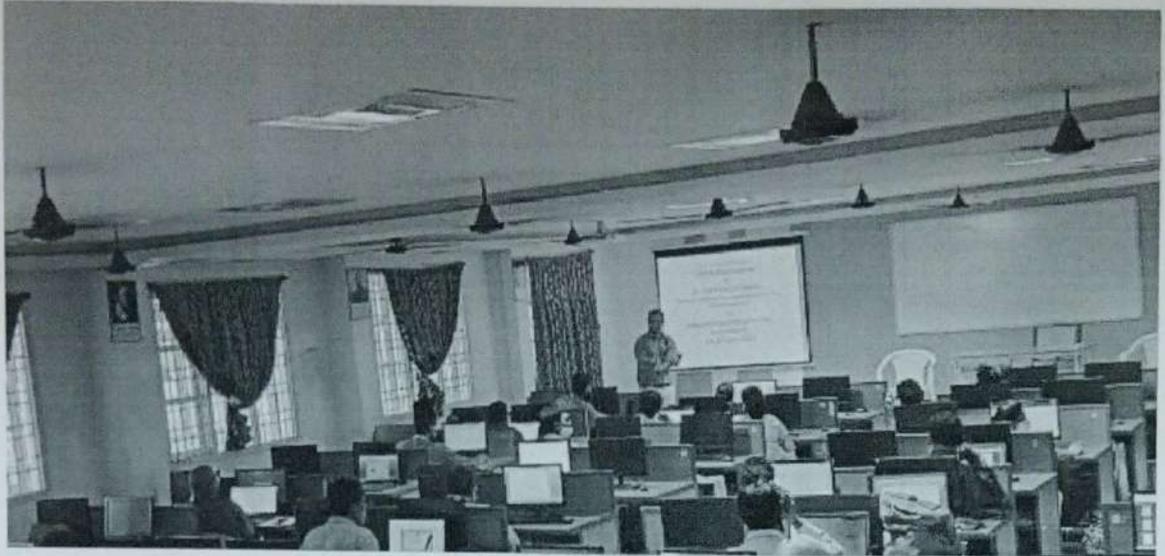

- Title of the Workshop/Seminar : A ONE DAY SEMINAR ON "Intellectual Property Rights and Its Significance"
- Resource Person : Mr. G. KARTHIK
ISTPE, HYDERABAD.
- Date(s) of Workshop/Seminar : 12-02-2021
- Aim of Workshop : 1) to understand the basic importance.
2) Develop a course of action to begin.

A one day workshop on IPR & its importance was organized by Aditya College of Engineering, Surampalem, on Feb 12 2021. The main objective was to make the participants to understand the basic importance and the second was to develop a course of action to begin.

In this workshop, resource person have explained that Intellectual property (IP) is a category of property that includes intangible creations of the human intellect. He also explained that there are many types of intellectual property, and some countries recognize more than others. He also said that the most well-known types are copyrights, patents, trademarks, and trade secrets. Early precursors to some types of intellectual property existed in societies such as Ancient Rome, but the modern concept of intellectual property developed in England in the 17th and 18th centuries. The term "intellectual property" began to be used in the 19th century, though it was not until the late 20th century that intellectual property became commonplace in the majority of the world's legal systems.

The main purpose of this workshop on intellectual property rights is to encourage the creation of a wide variety of intellectual goods. To achieve this, the law gives people and businesses property rights to the information and intellectual goods they create, usually for a limited period of time. This gives economic incentive for their creation, because it allows people to profit from the information and intellectual goods they create. These economic incentives are expected to stimulate innovation and contribute to the technological progress of countries, which depends on the extent of protection granted to innovators.

EVENT REPORT

Department of Computer Science & Engineering

- Title of the Workshop/Seminar : A One Day Seminar on "Importance of Women education in Women Empowerment"
- Resource Person : Dr. L. Sumalatha,
Professor, Department of CSE,
JNTUK, Kakinada.
- Date(s) of Workshop/Seminar : 16-11-2021
- Aim of Seminar : 1) To discuss the role of women education in present education system in the women empowerment.
2) To discuss about the need of women education which help in developing a better society for the next generation.

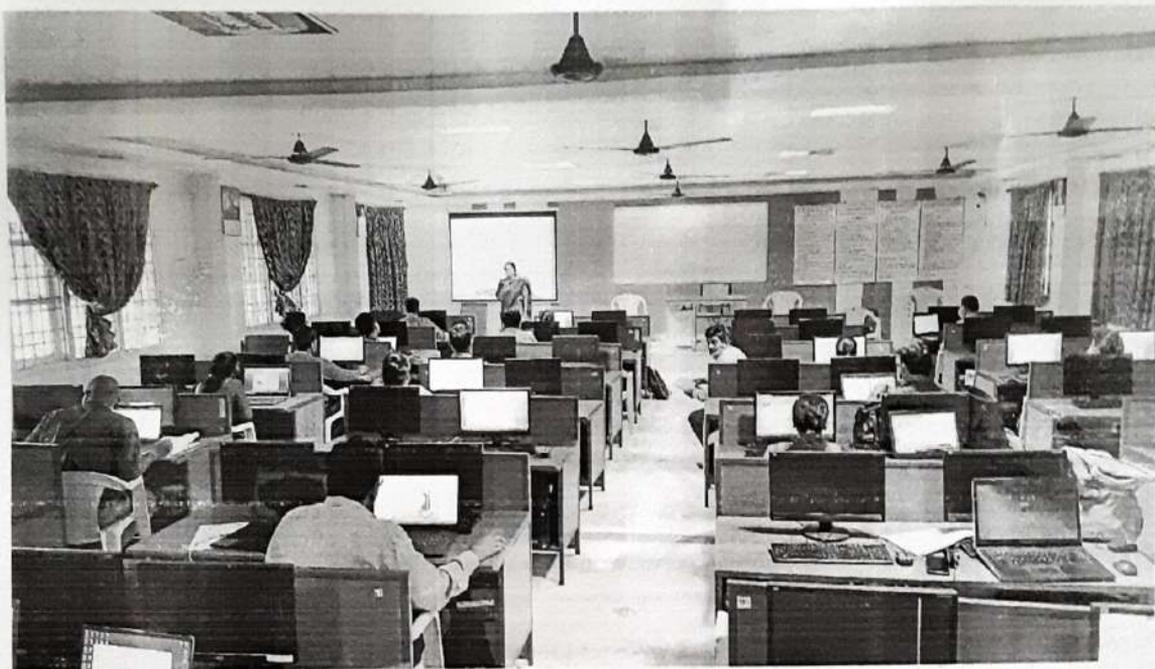

The expert Dr. L. Sumalatha explained the basic need and importance for women education to achieve future endeavors.

Eminent speaker gave brief description on Women's empowerment that may be defined in several ways, including accepting women's viewpoints or making an effort to seek them, raising the status of women through education, awareness, literacy, and training. Women's empowerment equips and allows women to make life-determining decisions through the different problems in society. They may have the opportunity to redefine gender roles or other such roles, which in turn may allow them more freedom to pursue desired goals. Faculty and Students nearly 70 members got benefited from her lecture.

She also discussed that Women's empowerment has become a significant topic of discussion in development and economics. Economic empowerment allows women to control and benefit from resources, assets, and income. It also aids the ability to manage risk and improve women's well-being. It can result in approaches to support trivialized genders in a particular political or social context.

Faculty and Students got a very huge response from the audience. Audience had asked many valuable questions on Women education in the women empowerment. Totally the session was very interesting and fruitful.
